

CURRICULUM VITAE (Detailed)

ATHANASIOS A. TSIOUTRAS

MSc Civil Engineer – Transport – Environmental

(June 2018)

PERSONAL DATA

SURNAME: Tsioutras

NAME: Athanasios

FATHER'S/MOTHER'S NAME: Adam/Angeliki

ADDRESS: 5A Thodori Litsa st. - Thermi - 57001 - Thessaloniki - Greece

DATE OF BIRTH: 23.09.1970

TEL.: +30-2310-498.264, +30-2310-347.234, +30-694-50.400.88

E-MAIL: atsioutr@certh.gr, satsi@teemail.gr

STUDIES

1. June 1988: Graduation from the 25th Lyceum of Thessaloniki (grade:18.3/20.0).
2. March 1996: Civil Engineer Diploma, Civil Engineer School of the Aristotle University of Thessaloniki (A.U.Th.), 5 year course, Grade of graduation: (7) -seven- «very good».
3. June 1997, Successful attention of 4 post graduate lessons, 1 year Post Graduate Program which was a precondition for a PhD Thesis, Transport Laboratory, Civil Engineer School of A.U.Th.
4. September 1999: Post Graduate Diploma on Environmental Physics, School of Physics, Faculty of Sciences, A.U.Th, 2 year course, Grade of Graduation: (9) -nine-«excellent».
5. October 2001: PhD Candidate in Transport Laboratory, Civil Engineer School of A.U.Th. Thesis title: «Modelling of effect of Advanced Driver Assistance Systems regarding the traffic and environmental conditions».

FOREIGN LANGUAGES

1. English, First Certificate in English, 1985.

KNOWLEDGE OF INFORMATION SYSTEMS

1. Languages of programming: Fortran 77.
2. Operational systems: DOS, Windows.
3. Handling of programs: MsOffice, QSB+, Grapher, Origin, Mathcad, Mathematica, Programs of working out the image (ACDSee, Corel, Paintshop-pro, Photoshop, Picture Publisher) , Civil Engineer Fees.

TRAINING SEMINARS

1. Technical Estimations on real estate, National Bank of Greece S.A., 13-14/9/2012.
2. «ISO 9001 from TUV AUSTRIA HELLAS for Internal Inspectors, Nefeli Hotel, Panorama, Thessaloniki, 24-25/6/2010.

3. «Education in Autocad, Archicad, 3D-Studio», Technical Chamber of Greece, Department of Central Macedonia, January-March 2000.
4. «Technical estimations on real estate and business companies», National Bank of Greece, S.A., Capitol Hotel, Thessaloniki, 29-30 of March 1999.
5. «Image processing using a computer (300 hours, 1995).
6. «Training in Cad-Cam, a program of 350 hours of theory and practical exercise. The practical exercise took place at the Universities of Luton and Edge Hill, UK (1994).

WORKING EXPERIENCE

1. January 2016 – today: Publicity – Awareness Campaigns Responsible of Hellenic Institute of Transport (HIT) of the Centre for Research and Technology Hellas (CERTH).
2. July 2013 – December 2015: Technical Projects Maturation Unit, Technical Department of CERTH.
3. January 2011 – April 2013: Centre for Research and Technology Hellas (CERTH) Press Office Responsible, with a track record of over 2000, published actions at mass media, where half of them were promoted by CERTH's Press Office.
4. March 2001 – today: Research Associate at the Hellenic Institute of Transport (HIT) of the Centre for Research and Technology Hellas (CERTH). Responsible for Public Actions, having achieved over 500 interviews during the period 2004-2015, half of them implemented by himself, over 60 exhibitions and events participation and many other promo actions. For several years he has been technical responsible for HIT's research fleet and the new buildings infrastructure. He has been involved in various research projects, such as (indicative):
 - MyCORRIDOR – Contribution in the project's dissemination activities and the publication of the project results, 2018.
 - MOBILITY4EU – Participation in the Work Packages 5 and 6, 2017.
 - ADAS&ME - Participation in the Work Package 9, 2017.
 - ACTIVAGE - Participation in the Work Package 8, 2017.
 - SKILLFUL - Participation in the Work Package 1 and 2, 2016.
 - RESOLUTE - Participation in the Work Packages 3 and 7, 2016.
 - SocialCar - Participation in the Work Packages 3 and 4, 2016.
 - ADAS&ME - Participation in the Work Package 1, 2016.
 - ACTIS - Summary of the results of the workshop regarding the basic architecture of the platform for the auctioning of transport services, Contribution to the design, development process and initial evaluation of the auction platform and the additional services it offers, 2015.
 - GREENBERTH – Contribution into the dissemination and promotion of the project's results, 2015.
 - ISABELLE – Disseminations actions for the Centre, 2015.
 - Prosperity4All – Participation in the technical actions of the project, 2015.
 - RAIN-EX - Disseminations actions for the Centre, 2015.

- EU-PORTRAIStS - Participation in the technical actions of the project, 2015.
- ACTIS - Summary of the results of the workshop regarding the basic architecture of the platform for the auctioning of transport services, Contribution to the design, development process and initial evaluation of the auction platform and the additional services it offers, 2014.
- EasyTrip – Support at the monitoring and project management, 2014.
- RAIL4SEE - Participation in the round-table work of the project, collecting data, solving obstacles and finding measures to promote integrated and intermodal transport, 2014.
- ISABELLE - Disseminations actions for the Centre, 2014.
- COMPASS4D - Disseminations actions for the Centre, 2014.
- EasyTrip – Organisation of the meetings and project workshops, 2013.
- RAIL4SEE - Participation in the design and implementation of the project promotion activities as well as in the information actions for the citizens of Thessaloniki, 2013.
- RAIL4SEE - Participation in the development of the intermodal transport model in the SEE region emphasizing in the railway network. Participation in defining the core network of SEE city-hubs, 2013.
- CLOUD4all - Disseminations actions for the Centre, 2013.
- MOWE-IT - Disseminations actions for the Centre, 2013.
- FUTRE - Disseminations actions for the Project, 2013.
- NEAR2 – Organization of network structure of research centers, 2013.
- NEAR2 – Dissemination activities of the project, 2013.
- CLOUD4all - Disseminations actions for the Centre, 2012.
- SAFEWAY2SCHOOL – Participation in the Work Packages (WP) 2 and 9, 2012.
- CLOSER - Collection and analysis of transit evaluation indicators at terminal stations, 2012.
- FOTsis - Participation in the Work Packages (WP) 2.2, 2.3, 4.1, 3.4, 3.5, 3.6 and 3.7, 2012.
- BACKGROUNDS - Responsible for the dissemination of the project results, participation in the activity 5.5, 2011.
- CMART-CM, 2-BE-SAFE: Disseminations actions for the Centre, 2011.
- CLOSER - Collection and analysis of transit evaluation indicators at terminal stations, 2011.
- Center for the Supporting of the Moving People (KEM) in the Municipality of Kalamaria - Implementation of collection, updating and quality controls for the data of the transport operators on the KEM's website. Managing digital databases for multi-tropical routing services, 2009-2010.
- CLOSER – Analysis of systems for combining urban and interurban transport - Implementation of their analysis and clustering framework, 2009-2010.
- European Economic Area - Participation in the support and organization of project promotion activities, 2009-2010.

- CAST - Participation in the design and analysis of road safety campaigns, 2009.
 - MARPOS – Dissemination actions of the project’s results - Information of the public, organization of the support for the implementation of the project's events (Conferences-Meetings), coordination of networking actions, 2009.
 - CAST - Participation in the design and analysis of road safety campaigns, 2008.
 - CATER – Statistical analysis of the research results of CATER and TNT, 2008.
 - RIPCORDER - Analysis of existing road safety analysis practices, 2007.
 - IN-SAFETY - Participation in the development of risk assessment methods, Work Package (WP) 3, 2007.
 - BOB-Campaign in Greece for the period 2002-2007, a Pan European Campaign against driving under influence of alcohol, funded by DG-TREN. Technical Responsible for the whole period (proposals, implementation, promotion, deliverables), meanwhile Dr. E. Bekiaris was the Scientific Responsible. In 2006 he achieved the cooperation between CERTH/HIT and the famous Greek singer George Tsalikis for the further promotion of road safety messages to the public.
 - Books relative to traffic education, specially designed for the Greek schools (Gymnasium and Lyceum), funded by the Greek Ministry of Transport and Communications, 2005-2006.
 - ADHRITO, funded by the General Secretariat for Research and Technology of the Greek Ministry of Development , a project focused on transport safety issues through the use of new tools, such as multimedia, driving simulators and skid-cars, incorporating the new technologies in the educational process. Technical Responsible (proposal, implementation, deliverables, promotion), meanwhile Scientific Responsible was Dr. E. Bekiaris, 2003-2005.
 - Development of a Centre of excellence on driver behaviour issues in the Centre for Research and Technology Hellas (CERTH)/Hellenic Institute of Transport (HIT). Technical Responsible for the laboratory set-up composed by a Virtual Reality Laboratory, a Research Vehicle equipped with several ADAS and a semi-dynamic Driving Simulator. Scientific Responsible was Dr. E. Bekiaris. The project was funded by the General Secretariat for Research and Technology of the Greek Ministry of Development, 2002 - 2004.
 - IMMACULATE – «Improvement of quality of air and levels of noise in urban environment via a completed, economically effective and multi - level applications of technologies of clean vehicles ". European Research Project (LIFE 02/ENV / GR 000359), 2002-2003. Contribution on the TOYOTA PRIUS hybrid vehicle equipment.
 - CERTH’s and HIT’s promotion to the public via a co-funded program the General Secretariat for Research and Technology of the Greek Ministry of Development. Responsible for the implementation of various TV spots, 2003-2004.
5. July 2013: Lecturer at road safety seminars organized by Smart Drive Company (Safe & Eco Driving Equipment & Training).

6. April 2014: Special consultant of Smart Drive and DSP companies, the co-producers of four videos for the Conference “ITS, eCall and Road Safety”, which was co-organised by the Ministry of Infrastructure, Transport and Networks and ERTICO-ITS Europe.
7. September 1998-today: Estimator-Engineer of the National Bank of Greece, as an external partner, having delivered over 750 estimations at the following 17 Branches:
 - Leontos Sofou Branch Office (213),
 - Railway Station Branch Office (236),
 - P. Mela Branch Office (217),
 - Lachanagoras Branch Office (231),
 - Eptalofos Branch Office (221),
 - Ilioupoli Branch Office (238),
 - Stavroupoli Branch office (239),
 - Evosmos Branch Office (240),
 - Egnatia Branch Office (207),
 - Monastiriou Branch Office (208),
 - A. Toumpa Branch Office (284),
 - Thermaikos Branch Office (878),
 - N. Diagonios Branch Office (256),
 - Peraia Branch Office (864),
 - Pylaia Branch Office (895),
 - Thermi Branch Office (868),
 - Polichni Branch Office (880).
8. November 2002 – February 2003: Collaborator of company «MENTOR A.C.– Experts, Mechanic Estimators». He was the coordinator of a team of engineers on behalf of NOVA BANK (today Millennium Bank), for the Central, Eastern and West Macedonia Region, Thrace, Epirus and Thessaly. Inspection or/and implementation of over 500 estimations.
5. August 1996 - today: Civil Engineer Services in private sector (building works, manufactures, renovations, static aids and re-establishment of buildings). He was also active at the Public Sector, as an external partner of HELECTOR LTD (Environmental Applications) while he supervised building, hydraulics and road construction works during the construction of the hygiene sanitary landfill area of Attica.
6. March 1996 – August 2002: Cooperator in the «TransEuropean Consulting Unit of Thessaloniki - T.R.U.Th. S.A.» and «Transport Research and Development, T.R.D. S.A.» having participated at the following studies:
 - Provision of services of specialised traffic advisor of motorways in Greece, Ministry of Environmental Planning and Public Works, Supervision of measurement teams. May - August 2002.
 - Feasibility study on combined transport nodes at the Greek transeuropean transport networks, funded by the Ministry of Transport and Communications. Choice of the points for recording the traffic flow, June - July 2002.

- «IN - ARTE - Growth of a completed system of obstacle avoidance for provincial roads». Determination of driver warning methods depending on the imminent danger of accident, July - December 2001.
- «IN - ARTE - Growth of a completed system of obstacle avoidance for provincial roads». Participation in the development of the human machine interface of the system, October - December 2000.
- «Completed system for the management of SEMPO in the Port of Thessaloniki and the electronic communication with the involved institutions». Participation in the record of the existing situation, problems and requirements of the network users, October - December 2000.
- Feasibility study of Egnatia's vertical axis «Profitis – Thessaloniki's Airport»), Supervising during the data collection of traffic flow», September - October 2000.
- «INFOLOG - Upgrade of the exchange of information in the combined transports for the Logistics improvement». Participation in the co-ordination of a pilot application, May - December 2000 and April - June 2001.
- «I DRIVE – A completed system for the support of the disabled candidate drivers aiming their rehabilitation and professional re-establishment». Participation in the development of the educational software for driving instructors, creating a handbook of technical medium adaptations in the cars for disabled drivers, May - December 2000.
- «TELEFLOW - Telematics applications for the working flow analysis improvement at commercial processes». Development of a system which choose distribution networks, 1999.
- «IN-EMERGENCY- A complete traffic incidents management, concerning public health and environmental surveillance on road networks», 1999.
- «Assessment Study for the Technological Priorities at Transport Sector in Greece», assigned by the General Secretariat of Research and Technology, June,1998-May 1999.
- «Traffic study for the organization of traffic flow and parking lots in the Community of Trilofos», assigned by the Community of Trilofos, May-November 1998 (in charge of the plans).
- «TELEFLOW – Transport telematics applications in order to support the analysis of working flows and the improvement of commercial transport», 1999
- «INTERPORT – Integration of sea transport in the Logistics Chain». Participation in the collection and data analysis, 1998.
- «General transportation and traffic study for the greater Thessaloniki area», Responsible for the recording of traffic flow data of 100 traffic junctions at the City Thessaloniki. Supervisor of a team of 120 people working on this stage of the project, which was assigned by the Organization of City-Planning and Protection of the Environment of Thessaloniki, Thessaloniki, October 1997 - May 1998.
- «Traffic study of Lagadas Municipality», Lagadas, May 1997.

- Supervisor at the implementation of the «Parking Policy Study for the Municipality of Xanthi», assigned by Europarking S.A., April 1997.
 - «Consulting services for the research and feasibility studies for the railway axis Athens-Thessaloniki-Skopia-Belgrade to Austria through Croatia, Slovenia and Hungary», April 1997-December 1997.
 - «Transport Study of the community of Ano Peraia, Thessaloniki, Greece», assigned by the Community of Peraia, a study that has been sponsored by the Organization of City-Planning and Protection of Environment of Thessaloniki of the Ministry of Environment, Country-Planning and Public Constructions, December 1996-May 1997.
 - «Traffic Impact Study for the BIOTA S.A.» for the Municipality of Kalamaria», assigned by Inter-European Team of Consultants in Thessaloniki S.A.,1997.
 - «Municipality of Oreokastro: Traffic management measures for improving the mobility between the city centre and the rest Thessaloniki's areas», Thessaloniki, October 1996.
 - «Traffic and Transport Study of the city of Katerini, Greece». Research program assigned by the Municipality of Katerini to the Laboratory of Transport Engineering, Civil Engineer Department, Aristotle University of Thessaloniki, 1996-1997.
 - «Parking Study of the Municipality of Ampelokipi, Thessaloniki, Greece», assigned by the Municipality of Ampelokipi, a study sponsored by the Organization of City-Planning and Protection of Environment of Thessaloniki of the Ministry of Environment, Country-Planning and Public Constructions, 1996-1997.
 - «Traffic Study of Ano Poli», assigned by the Municipality of Thessaloniki, 1996.
7. September 2002 – December 2003: Collaborator of the National Technical University of Athens. Participation in the following projects:
- «COMUNICAR – This project intended to design and develop an on-vehicle multimedia HMI (Human Machine Interface) able to harmonise the huge volume of messages oncoming from the new and traditional functions for the driving support », September – October 2001, March – April 2002, August – September 2002.
 - «CONFIDENT – The main goal of this project is to develop an information environment to support the independent living of PSDs, (People with Severe Disabilities) able to provide them, their assistants and relevant organisations, with an ubiquitous and adapted access to a number of personal, social and operational assistance services.», July – August 2002, December 2002.
 - «SAFEGUARD – Development of new prototype truck and agricultural machinery seats, with enhanced comfort, optimised user interface and easily adaptable to the user's specific anthropometrical needs», June – July 2002, October 2002, December 2003.
 - «VICTORIA – Provisions of validated basic technologies, standards and tools for integrated, modular and standardised airborne electronics system to be developed in Europe within the next 20 years», May 2002, September - October 2002.

- «RESPECT – The promotion of the health, working ability and well-being of ageing employees by a series of cost-effective methods and work policies», 2003
8. December 2003: Feasibility Study for the construction of road for bicycles at the Municipality of Alexandria.
 9. May 1998-September 1998: Engineer in charge of the recording and evaluating of the real-estate holdings of the Aristotle University of Thessaloniki on behalf of TEK MOR S.A. under the frame of the «Study for Development Actions of the Company of Developing and Managing the Property of the Aristotle University of Thessaloniki.
 10. June-December 1998: Care of Publishing of the records of the Second Congress on Combined Transport and Transit Flows of Southeast Europe (Greek and English editions).
 11. July 1997-September 1997: Supervisor Engineer in implementing the lining of streets and semaphored centers on behalf of VERNICOL A.T.E.B.E.
 12. November 1996 - December 1996. «Feasibility study for the underwater artery of Thessaloniki, a special traffic study», Member of the supervising team during the collection and analysis of the traffic flow data.
 13. June-September 1996: Care of publishing the records of the First Congress on Combined Transport and Transit Flows of Southeast Europe (Greek and English edition).
 14. November 1995-February 1996: Cooperation in supervising the works of rehabilitation of the baths in the central agora of Thessaloniki (Pazar Hamam) under the frame of a research project, Laboratory of Engineering and Materials, Aristotle University of Thessaloniki.
 15. February 1994-May 1995: Supervising at the construction of the central shopping center in Kalithea-Halkidiki. Also a three stored house with basement, under the supervision of the civil engineer Mr. Sikas.
 16. September 1993-December 1995: Organizational and secretarial support at programs of lifelong professional training, funded by the European Social Fund, such as:
 - Training on the problem of elderly people (two seminars of 350 hours, 1994)
 - Cooperation of the Universities and technological educational institutes with business (Second semester 1994)
 - Practical training of students (second semester 1994)
 - Project management (300 hours, 1995).
 17. November 1992 – December 1995: Collaborator of Professor G. Tsaagas in the General Department, Polytechnic School, Aristotle University of Thessaloniki. Among the others, supply of organizational and secretarial support in four (4) international congresses.
 18. July 1990 – August 1995: Sales promotion, organization and supervision of events, media reports preparation and coverage of various events at the public relations company "In-model's agency», now «Unique Point». Specification on contract agreements and implementation of events, sales promotion packages to clubs and hotels of northern Greece. He participated in many promotional events, fashion shows, advertising and artistic collaborations. The company which worked closely with the newspaper "Macedonia" and the radio stations "Panorama" and "Metropolis" also published the

magazine "IN" with themes of artistic content. Sales promotion in the public relations and advertising company «In model's agency». Experienced in tenths of promotional events, advertisements and live concert's organization.

19. October 1991 – September 1993: Sales promotion in the educational organization «Einstein». Under this frame, he gave private lessons to school students.
20. September 1989: International Trade Fair of Thessaloniki (Security and Cleaning Department).

PUBLICATIONS IN SCIENTIFIC CONGRESSES AND MAGAZINES

1. «Mechanical and environmental effects on the domes of the Turkish Pazar Hamam in Thessaloniki», A.A.Tsioutras, E.K.Hatzitrifonos, N.K. Hatzitrifon, H.Aifantis, Second Volume of the 4th International Congress for the Reservation of the Monuments of the Mediterranean, Rodes 6-11 of May 1997, pag.181-191, Published by the Technical Chamber of Greece.
2. «Development of a Novel Centre of Excellence on Driver Behaviour issues in Southeast Europe», E. Bekiaris, A. Tsioutras, M. Panou, F. Stergiopoulos, 2nd International Congress on Transportation Research, Athens 26-27 of January 2004.
3. «Pilot application of clean vehicles in the city of Thessaloniki: The «IMMACULATE» Project», F. Stergiopoulos, E. Bekiaris, S. Voutetakis, A.A. Tsioutras, 2nd International Congress on Transportation Research, Athens 26-27 of January 2004.
4. «Combining driving behaviour with environmental parameters: preliminary results of pilot assessment of Toyota Prius in the urban environment of Thessaloniki, Greece», F. Stergiopoulos, E. Bekiaris, D. Negkas, S. Voutetakis, A. Tsioutras, European ELE-DRIVE Transportation Conference & Exhibition on "Urban Sustainable Mobility is possible - now!", March 17-20, 2004, Estoril, Portugal.
5. "ADIRITO" project: Towards integrated road safety training in Greece E. Bekiaris, D. Nalmpantis, A. Tsioutras, A. Naniopoulos, M. Panou; 3rd International Conference on Traffic and Transport Psychology, Nottingham, UK, 5-9 September 2004.
6. «Telematics applications targeting on the achievement of a forgiving and self-explanatory road environment – Modeling road safety conditions –The IN-SAFETY project», 3rd Conference on Road Safety, Patras, 10-11 October 2005.
7. «Road safety in Greece - Educational & Promoting issues from CERTH/HIT», E. Bekiaris, A. Tsioutras, 3rd Conference of European Driving Schools Associations, 21-22 October 2005, Kassandra, Chalkidiki, Greece.
8. «Environmental and driving behavior: Pilot application of hybrid cars in urban environments and actions for training on environmental driving behavior», E. Bekiaris, A. Tsioutras, D. Negkas, Workshop on «Application of electric vehicles in Greece – Present status and perspectives» Technical Chamber of Greece, 12-13 January 2006.
9. «Results of the assessment of elderly drivers in a driving simulator as part of an assessment protocol», E. Bekiaris, M. Panou, V. Papakostopoulos, A. Tsioutras, Driving Simulation Conference (DSC) Europe, 4-6 October 2006, Paris, France.

10. «Hellenic Institute of Transport: A new era in transport research in Greece», A. Tsioutras, International Association of Traffic and Safety Sciences, Research, Vol. 32, No 1, 2008.
11. «The contribution of research on road safety», International conference on improving road safety in the BSEC region, N. Elias, A. Tsioutras, Epirus Palace, Ioannina, 18-19 November 2010.
12. Development of an exemplar Mobile Lab For The Training Of Car & Truck Drivers And Mining Or Work Site Machinery Operators, Evaluating Their Safe And Eco Driving Profile Using Simulators' Cluster, Towards An Integrated Accident Prevention Approach In Road Transport, Construction and Mining, Chrysoula K. Merka, Leon M. Tsongas, Manolis G. Vranakis, Michael A. Gogas, Panagiotis A. Charbis, Apostolos Th. Tsalmpouris, Nikolaos E. Eliou, Athanasios A. Tsioutras, 8th International Congress on Transportation Research in Greece, entitled: Transportation by 2030: Trends and Perspectives, HIT/CERTH, Thessaloniki, 27-29 September 2017.

PRESENTATION IN WORKSHOPS

1. «Research's contribution on the improvement of road safety – HIT's example», D. Nalmpantis, A. Tsioutras, Xanthis Traffic Police Exhibition, Xanthi's Town Hall, 4 December 2006.
2. «A first evaluation of HIT's five year campaign on road safety in Greece», Melina Merkouri Town Hall, City of Ierapetra, Crete Island, 25 October 2006.
3. «Alcohol – Not Tonight – I am driving», A. Tsioutras, «Alcohol and Driving», Kastoria City, Kastoria Town Hall, Kastoria, 18 July 2008.
4. «Road Safety and Traffic Education», D. Margaritis, G. Aifadopoulou, A. Tsioutras, Municipality of Thessaloniki, City Police Deputy Mayorship, Thessaloniki, 26 November 2008.
5. «Road Safety Action by the HIT - The contribution of technology to reduce accidents», D. Margaritis, A. Tsioutras, Workshop Road Safety entitled" The Art of Driving, Thessaloniki, 14-15 May 2011.
6. «Applying an innovative combination of technology and public awareness actions for road safety by HIT/CERTH», N. Eliou, A. Tsioutras, D. Margaritis, Volos Traffic Police Exhibition, Cultural Centre of N. Ionia, 9 October 2012.
7. «BOB-Campaign: A best European practice applied in Greece with a tangible result implemented by CERTH/HIT», E. Bekiaris, A. Tsioutras, One Day Event «Let's be Smart: Alcohol – Not Tonight – I am driving», organized by Pernod Ricard Hellas, 5 June 2013.
8. «15 years against the road and general unsafety of the Greek reality», A. Tsioutras, 1st Workshop on Road Safety of the C' General Staff of the Hellenic Army, Hellenic Army Forces Officers Club of Thessaloniki, 10 October 2014.
9. «Advanced driving seminar to the C' General Staff of the Hellenic Army using a driving simulator by HIT/CERTH», A. Tsioutras, P. Spanidis, War Museum of Thessaloniki, 2 hours, 16 February 2017.
10. «Advanced driving seminar to the 10th Infantry Regiment of the Hellenic Army using a driving simulator by HIT/CERTH», A. Tsioutras, Intellectual and Cultural Center of the

Metropolis of Serres and Nigrita, Serres, 2 hours, 7/6/2016.

11. «Advanced driving seminar to the 1st Commando Brigade 'El Alamein' using a driving simulator by HIT/CERTH», A. Tsioutras, Rentina of Thessaloniki, 2 hours, 18/4/2016.
12. «Advanced driving seminar to the C' General Staff of the Hellenic Army using a driving simulator by HIT/CERTH», A. Tsioutras, J. Symeonidis, War Museum of Thessaloniki, 17 February 2016.
13. «Advanced driving seminar to the Ntalipi Army Camp, using a driving simulator by HIT/CERTH», A. Tsioutras, Ntalipi Army Camp, Kalamaria, Thessaloniki, 2 hours, April 2017.
14. «Advanced driving seminar to the 1st Commando Brigade 'El Alamein' using a driving simulator by HIT/CERTH», A. Tsioutras, Rentina of Thessaloniki, 2 hours, 8/5/2017.
15. «Advanced driving seminar to the 113 Air Combat Wings of the Hellenic Air Force using a driving simulator by HIT/CERTH», A. Tsioutras, Macedonia Airport Of Thessaloniki, 1 hours, 20/10/2017.
16. Navigation into the "eDrive Academy" Traffic Education and Road Safety Educational Platform, Workshop "Moving with Respect", Traffic Education Seminar, in the frame of introducing traffic education into the Primary and Secondary Education Procedure in Greece, HANTH, Thessaloniki, 31/1/2018.
17. «Advanced driving seminar to the Ntalipi Army Camp, using a driving simulator by HIT/CERTH», A. Tsioutras, Ntalipi Army Camp, Kalamaria, Thessaloniki, 2 hours, 18/5/2018.

CONTRIBUTION IN BOOKS

1. «The use of brand new technology in drivers training: Driving simulators and multimedia tools», E. Bekiaris, M. Panou, A. Tsioutras», ISBN 978-960-930008-7, February 2007.
2. «Curriculum on Road Safety and Traffic Education Issues for the Gymnasium students», E. Bekiaris, A. Mousadakou, A. Tsioutras, P. Georgopoulos, April 2006.
3. «Curriculum on Road Safety and Traffic Education Issues for the B Class Lyceum students», E. Bekiaris, A. Tsioutras, P. Georgopoulos, A. Mousadakou, M. Panou, E. Potrouli, April 2006.
4. «Curriculum on Road Safety and Traffic Education Issues for the C Class Lyceum students», E. Bekiaris, P. Georgopoulos, A. Tsioutras, A. Mousadakou, M. Panou, M. Gemou, S. Nikolaou, E. Potrouli, April 2006.

RESEARCH ACTIVITY (indicative)

1. «Final Report BOB-Campaign in Greece 2005-2006», E. Bekiaris, A. Tsioutras, April 2006.
2. «Final Report BOB-Campaign in Greece 2004-2005» E. Bekiaris, A. Tsioutras, April 2005.
3. IMMACULATE (LIFE 02/ENV/GR/000359), Deliverable 4, «Report on pilot realization and relevant statistics», E. Bekiaris, A. Tsioutras, J. Tsiormpatzis, September 2004.

4. Collaborator in the Transport Engineering Department of the Civil Engineer School of A.U.Th in the project: «Evaluation of the transport system characteristics, in order to emphasize the increase of road safety and transport quality level at the city of Moudania». The main team was formed by Prof. M. Pitsiava, A. Tsioutras and L. Lazaridis. The program was assigned by the Moudania Municipality, August 2003 – March 2004.
5. «Final Report BOB-Campaign in Greece 2003-2004», E. Bekiaris, A. Tsioutras, April 2004.
6. IMMACULATE (LIFE 02/ENV/GR/000359), Deliverable 2.1 «Description of the electric scooters and the electrically assisted bicycles», E. Bekiaris, F. Stergiopoulos, A. Tsioutras, S. Tagianoglou, June 2003.
7. IMMACULATE (LIFE 02/ENV/GR/000359), Deliverable 2.2, «Description of the hybrid passenger car», E. Bekiaris, F. Stergioulos, S. Tagianoglou, A. Tsioutras, June 2003.
8. IMMACULATE (LIFE 02/ENV/GR/000359), Deliverable 2.1, «Scenarios of use of clean transport in the city of Thessaloniki», E. Bekairis, F. Stergiopoulos, A. Tsioutras, S. Tagianoglou, D. Negkas, Ch. Fokilidis, P. Charalambidis, S. Christotzoglou, A. Papanotas, Απρίλιος 2003.
9. «Final Report BOB-Campaign in Greece 2002-2003», E. Bekiaris, A. Tsioutras, April 2003.
10. «Final Report BOB-Campaign in Greece 2001-2002», E. Bekiaris, A. Tsioutras, April 2002.
11. Collaborator in the Laboratory of Transport Engineering Department of the Civil Engineer School of A.U.Th. in the research program «Control of combined transports in the external borders of Central Macedonia Region». Configuration of the proposed architectural planning and investigation of the role of transport nodes. The program was assigned by the Central Macedonia Region, April - June 2001.
12. Collaborator in the Laboratory of Transport Engineering Department of the Civil Engineer School of A.U.Th. in the research program «Crisis management in road networks», June 1996 - December 1997.
13. Collaborator in the Laboratory of Mechanics and Materials of the General Department of Polytechnic School of A.U.Th. in the research program «Research, re-establishment and maintenance on the use of bricks in prehistorical and historical monuments of Central Macedonia». September 1996 - December 1997.

EDUCATIONAL ACTIVITY (indicative)

1. «Safe Driving – Road Safety», Seminars to Egnatia Tel company drivers, co held with HIT/CERTH and Smart Drive company, 8 hours, Tirana, Albania, May 2016.
2. «Safe Driving – Road Safety», Seminars to Egnatia Tel company drivers, co held with HIT/CERTH and Smart Drive company, 8 hours, Athens – Thessaloniki, July 2013.
3. «Promo Safe Driving», Seminars via driving simulator to public authorities drivers, co held with University of Thessalia and Smart Drive company, 94 hours, June 2012 -

March 2013.

4. «Transport telematics at public transport – Thessaloniki’s city case», Seminars at post graduate students and traffic engineers, 14 hours, co held with HIT/CERTH, AUTH, University of Thessalia, Thessaloniki SA and 4Trohoi, Athens – Thessaloniki - Volos, April, 2005.
5. «Clean vehicles: The results from Immaculate Project», Seminars at driving instructors on eco driving, 8 hours, HIT/CERTH, AUTH, University of Thessalia, Thessaloniki SA and 4Trohoi Athens – Thessaloniki - Volos, January – February 2005.
6. «Clean vehicles: The results from Immaculate Project», Seminars at post graduate students and traffic engineers, 8 hours, HIT/CERTH, AUTH, University of Thessalia, Thessaloniki SA and 4Trohoi Athens – Thessaloniki - Volos, January – February 2005.
7. «Affect of advanced driver assistance systems on traffic flow and environment», Seminars at post graduate students and traffic engineers, 14 hours, HIT/CERTH, AUTH, University of Thessalia, Thessaloniki SA and 4Trohoi Athens – Thessaloniki - Volos, May – June 2004.
8. «Advanced driver assistance systems on vehicles», Seminars on driving instructors, 6 hours, Athens – Thessaloniki, HIT/CERTH, AUTH, University of Thessalia, Thessaloniki SA and 4Trohoi Volos, November 2003.

PARTICIPATION IN SCIENTIFIC COMMITTEES

1. July 2008: Part of the three member examination committee of the Technical Chamber of Greece/Central Macedonia Region for the provision of the Engineer Professional License to new engineers.
2. 2006-2007: Member of the Working Team of the Technical Chamber of Greece/Central Macedonia Region for the solving of Thessaloniki’s traffic problem, caused by Thessaloniki’s subway construction works.
3. 2006, Representative of the Technical Chamber of Greece at Thessaloniki’s Council for Public Transport,
4. 2005-2007, Evaluator of several studies and public works for the Technical Chamber of Greece – Central Macedonia Region.
